SAFETY WARNINGS AND INSTRUCTIONS

This symbol indicates that caution is required when operating the product.

PLEASE READ AND SAVE THESE INSTRUCTIONS

The safety warnings and instructions included in this document cannot cover all possible conditions and situations that could occur. Caution and care must be exercised when using or maintaining any personal electronic product. To reduce the risk of injury, always use this product in accordance with the manufacturer's instructions. This

product contains no user-serviceable parts. Do not attempt to open, modify, service or repair any component of this product – doing so may result in personal injury. Only use this product indoors – refer to the “Technical Data” section for details. Do not touch this product if it becomes wet or immersed in any liquid. Keep away from children at all times and ensure that they do not play with this product. Do not use this product under the following circumstances:

- i) Where the use of electronic devices is prohibited;
- ii) On or near heat sources e.g. radiators or fires;
- iii) If it is damaged, tampered or broken; and
- iv) If it has been exposed to excessive heat or moisture.

INFORMATION FOR DISPOSING OF THE IQOS CAR CHARGER

Valid throughout the European Union and the EEA

This symbol on the device or on its packaging indicates that this product and its individual parts  must not be disposed of with common household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. Such equipment can be returned free of charge at the point of sale. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Disposing waste equipment as unsorted municipal waste (e.g. by waste incineration or land-filling) can have negative effects on the environment and human health. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your local household waste disposal service or the shop where you purchased the device. The local importer of the device will provide for the financing of the treatment and recycling of waste equipment returned through these designated collection points in accordance with local requirements.
