

IQOS

SINGLE CHARGING DOCK

SAFETY WARNINGS & INSTRUCTIONS

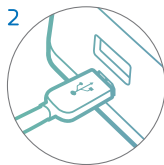

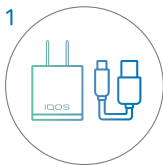

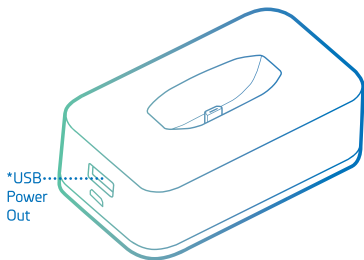

This symbol indicates that caution is required when operating the product.

PLEASE READ AND SAVE THESE INSTRUCTIONS

Safety Warnings and Instructions included in this quick user guide cannot cover all possible conditions and situations that could occur. Caution and care must be exercised when using or maintaining any personal electronic product. To reduce the risk of injury, always use this product in accordance with the manufacturer's instructions. This product contains no user-serviceable parts. Do not attempt to open, modify, service or repair any component of this product - doing so may result in personal injury. Never use this product in places where flammable materials, liquids and gases are present. Only use this product indoors – refer to "Technical Data" section for details. This product must only be supplied at Safety Extra Low Voltage corresponding to the marking on the product. Do not touch this product if it becomes wet or immersed in any liquid. Do not drop this product or subject it to strong shock. Keep away from children at all times and ensure that they do not play with this product. This product is not intended for use by persons with reduced physical, sensory or mental capabilities or lack of knowledge unless they have been given supervision or instruction to use the product in a safe way and understand the hazards involved. Do not use this product under the following circumstances: i) Where the use of electronic devices is prohibited; ii) On or near heat sources i.e. radiators or fires; iii) If it is damaged, tampered or broken and iv) If it has been exposed to excessive heat or moisture.

GET STARTED

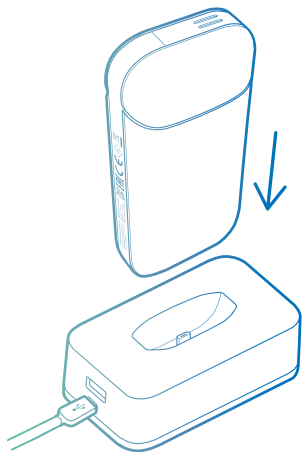

The IQOS™ Single Charging Dock is designed to charge up your *IQOS* Device and an additional device via the USB Power Out*.

Using the *IQOS* AC Power Adaptor and USB Cable (both available separately) (1), plug the Cable into the Single Charging Dock (2) and AC Power Adaptor respectively, then connect the Adaptor to an electrical outlet.

CHARGING IQOS

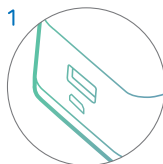

Insert the *IQOS* Device as shown below, taking care to observe the orientation (1) of the USB socket and the Single Charging Dock USB plug (2).

Only power your Single Charging Dock using a *IQOS* AC Power Adaptor and *IQOS* USB Cable (both available separately).

ADDITIONAL DEVICE

An additional device* i.e. *IQOS* Pocket Charger, *IQOS* Powerbank, can be simultaneously charged via the USB Power Out Socket (1).

***Please note** that with an additional device connected to the Single Charging Dock the overall charging time of the devices will be increased.

TROUBLESHOOTING

One of my devices isn't charging

Check to make sure your device(s) are properly seated in the Single Charging Dock and that the AC Power Adaptor and USB Cable are fully inserted.

If none of the above resolves the problem then unplug the Single Charging Dock and contact Customer Care.

INFORMATION FOR DISPOSING OF THE *IQOS* SINGLE CHARGING DOCK

VALID ACROSS EUROPEAN UNION AND EEA

This symbol on the device or on its packaging indicates that this product and its individual parts must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. Such equipment can be returned free of charge at the point of sale. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Disposing waste equipment as unsorted municipal waste (e.g. by waste incineration or land-filling) can have negative effects on the environment and human health. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your local household waste disposal service or the shop where you purchased the device. The local importer of the device will provide for the financing of the treatment and recycling of waste equipment returned through these designated collection points in accordance with local requirements.

TECHNICAL DATA

Single Charging Dock
