INFORMATION FOR DISPOSING OF IQOS CHARGING DOCK

Valid across European Union and EEA

This symbol on the device or on its packaging indicates that this product and its individual parts must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to  a designated collection point for the recycling of waste electrical and electronic equipment. Such equipment can be returned free of charge at the point of sale. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Disposing waste equipment as unsorted municipal waste (e.g. by waste incineration or land-filling) can have negative effects on the environment and

human health. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your local household waste disposal service or the shop where you purchased the device. The local importer of the device will provide for the financing of the treatment and recycling of waste equipment returned through these designated collection points in accordance with local requirements.
